CIVIL ENGINEERING

1921

Sanders Frye is chief engineer of the L. L. LeVeque Company, Edgehill Road and West 4th Avenue, Columbus, Ohio. He recently prepared the plans for a large factory and warehouse building at Montreal, Canada, in the record-breaking time of 10 days. Owing to tariff regulations, the entire staff of designers was housed in a hotel in Montreal. This company has several structural projects of great size under way.

1926

J. F. Parkinson is with the sewerage department of the City of Columbus under Mr. Orris Bonney with offices in the City Hall.

George H. Harding is assistant professor in charge of the civil engineering work in the new Speed Scientific School of the University of Louisville, Kentucky.
